Hands-free Calling

Bluetooth hands-free calling (HFP) allows phone calls via the car's audio system using most Bluetooth enabled cell phones. Answer a call, redial the last number, manage call waiting and more – directly from the receiver's front panel.

Device integration for safer driving habits.

Multi-Format Audio Support makes the Dual receivers compatible with today's most common digital audio files: MP3, WMA and AAC. Bring your music to the car via a CD, a high-speed USB or an SD Card input.

Wireless Audio Streaming

Bluetooth audio streaming (A2DP) and player control (AVRCP) profiles allow for wireless audio streaming from a mobile phone or a media player to the car's receiver.

Control your media player directly from the receiver's front panel while also enjoying quality sound from your car's speakers.

At Dual we strive to provide in dash solutions that not only allow you to use your favorite electronic devices in the car, but that also let you enjoy them safely. From our intuitive interface to features such as Bluetooth hands-free calling, secure docking and full iPod/iPhone control – it is all about easy to use integration that will allow you to keep your hands on the wheel and your eyes on the road.

Connect. Drive. Control.

Direct USB Control for iPod®/iPhone® allows full control of the connected devices directly from the receiver's front panel. Browse your music library, change songs and adjust music volume – all within arm's reach, while also enjoying quality sound from your car speakers.

XDVN9131 DVD Multimedia Receiver with Navigation

Features

- 7" motorized touch-screen display
- Built-in Bluetooth® Wireless Technology supports HFP, A2DP and AVRCP profiles for hands-free calling, audio streaming and player control.
- Integrated navigation includes pre-loaded maps for the continental USA, Alaska, Hawaii, Puerto Rico and Canada.
- 2-wire front panel control for iPod devices (cable included)
- Front panel USB input
- SD memory card input (supports SDHC)
- Supports MP3/WMA/JPG formats
- Dedicated input for optional rear view camera
- Front panel 3.5mm and rear RCA-type A/V auxiliary inputs
- Rear RCA-type video output
- 3 pairs of RCA-type preamp outputs (F/R/S)
- Wireless remote control
- 200 Watt (50W x 4) power output
- 36 station presets (24 FM/12 AM)
- Detachable faceplate

XDVN8190N DVD Multimedia Receiver with Navigation

Features

- 7" motorized touch-screen display
- Built-in Bluetooth® Wireless Technology supports HFP profile for hands-free calling.
- Integrated navigation includes pre-loaded maps for the continental USA, Alaska, Hawaii, Puerto Rico and Canada, on a removable 2GB SD memory card.
- SD memory card input
- Supports MP3/WMA/JPG formats
- Dedicated input for optional rear view camera
- Rear RCA-type A/V auxiliary inputs
- Rear RCA-type A/V outputs
- Rear RCA-type video output
- 3 pairs of RCA-type preamp outputs (F/R/S)
- Wireless remote control
- 240 Watt (60W X 4) MOSFET powered output
- 48 station presets (36 FM/12 AM)

XDVD9101 DVD Multimedia Receiver

Features

- 7" motorized touch-screen display
- 2-wire front panel control for iPod devices (cable included)
- Front panel USB input
- Supports MP3/WMA/JPG formats
- Dedicated input for optional rear view camera
- Front panel 3.5mm and rear RCA-type A/V auxiliary inputs
- Rear RCA-type video output
- 3 pairs of RCA-type preamp outputs (F/R/S)
- Wireless remote control
- 200 Watt (50W x 4) power output
- 36 station presets (24 FM/12 AM)

XML8150 Digital Media Receiver with Fold-Out Dock for iPhone®/iPod®

This versatile Digital Media Receiver supports a variety of audio formats and digital media devices while also promoting safe driving habits with Bluetooth® hands-free calling and secure docking for iPhone/iPod.

Features

- Fold-out integrated dock accommodates most iPhone and iPod devices
- Direct USB control for most iPod/iPhone devices
- Selectable control for iPod/iPhone
- Built-in Bluetooth Wireless Technology supports HFP, A2DP and AVRCP profiles for hands-free calling, audio streaming and player control.
- HD Radio Ready™ supports HD2/HD3 multicast channels and offers iTunes tagging capability when used with the HDM90, sold separately.
- Front panel 3.5mm auxiliary input
- Front panel USB input
- SD memory card input (supports SDHC)
- 2-line black/white LCD
- Supports MP3/WMA/AAC formats
- 3 pairs of RCA-type preamp outputs (F/R/S)
- Wireless remote control
- 240 Watt (60W x 4) MOSFET powered output
- 30 station presets (18 FM/12 AM)
- Steering wheel interface input (requires PAC SWI-PS sold separately)
- 3-band equalizer

(Shown with iPhone 4 -Not Included.)

(Shown with iPod nano -Not Included.)

XR4115 Digital Media Receiver

Features

- Front panel 3.5mm auxiliary input
- Front panel USB input
- SD memory card input (supports SDHC)
- Supports MP3/WMA formats
- 1 pair of RCA-type preamp outputs
- 30 station presets (18 FM/12 AM)
- 3-band equalizer
- 200 Watt (50W x 4) power output
- Detachable faceplate
- Wireless remote control

XR4110 Digital Media Receiver

Features

- Front panel 3.5mm auxiliary input
- Front panel USB input
- SD memory card input (supports SDHC)
- Supports MP3/WMA formats
- 1 pair of RCA-type preamp outputs
- 30 station presets (18 FM/12 AM)
- Electronic bass/treble
- 60 Watt (15W x 4) power output

XHDR6435 CD Receiver

(Shown with optional HDM90)

Features

- Direct USB control for most iPhone/iPod devices
- Bluetooth® Ready. Enables HFP, A2DP and AVRCP profiles for hands-free calling, audio streaming and player control when used with the BTM60 module, sold separately.
- HD Radio Ready™ supports HD2/HD3 multicast channels and offers iTunes tagging capability when used with the HDM90, sold separately.
- Front panel USB input
- Front panel 3.5mm auxiliary input
- Supports MP3/WMA formats
- 2 pairs of RCA-type preamp outputs (F+R/S selectable)
- Wireless remote control
- 240 Watt (60W X 4) MOSFET powered output
- Electronic bass/treble
- 30 station presets (18 FM/12 AM)
- Steering wheel interface input (requires PAC SWI-PS sold separately)
- 2-line black/white LCD
- Detachable faceplate

XDMA6630 CD Receiver

Features

- Direct USB control for most iPhone/iPod devices
- Built-in Bluetooth® Wireless Technology supports HFP, A2DP and AVRCP profiles for hands-free calling, audio streaming and player control. External microphone included.
- Front panel USB input
- Front panel 3.5mm auxiliary input
- Supports MP3/WMA formats
- 2 pairs of RCA-type preamp outputs (F+R/S selectable)
- Wireless remote control
- 240 Watt (60W X 4) MOSFET powered output
- Electronic bass/treble
- 30 station presets (18 FM/12 AM)
- Steering wheel interface input (requires PAC SWI-PS sold separately)
- 2-line black/white LCD
- Detachable faceplate

XDMA6415 CD Receiver

Features

- 2-wire front panel control for iPod devices (cable included)
- Built-in Bluetooth® Wireless Technology supports HFP, A2DP and AVRCP profiles for hands-free calling, audio streaming and player control. External microphone included.
- Front panel USB input
- Front panel 3.5mm auxiliary input
- Supports MP3/WMA formats
- 3 pairs of RCA-type preamp outputs (F/R/S)
- Wireless remote control
- 200 Watt (50W X 4) powered output
- Electronic bass/treble
- 30 station presets (18 FM/12 AM)
- Steering wheel interface input (requires PAC SWI-PS sold separately)
- 8-character black/white LCD
- Detachable faceplate

XDMA6355 CD Receiver

Features

- Direct USB control for most iPhone/iPod devices
- Bluetooth® Ready. Enables HFP, A2DP and AVRCP profiles for hands-free calling, audio streaming and player control when used with the BTM60 module, sold separately.
- Front panel USB input
- Front panel 3.5mm auxiliary input
- Supports MP3/WMA formats
- 2 pairs of RCA-type preamp outputs (F+R/S selectable)
- Wireless remote control
- 200 Watt (50W X 4) MOSFET powered output
- Electronic bass/treble
- 30 station presets (18 FM/12 AM)
- Steering wheel interface input (requires PAC SWI-PS sold separately)
- 10-character blue/white LCD
- Detachable faceplate

XDMA7650 CD Receiver

Features

- 2-step motorized detachable faceplate
- Two black/white LCDs (inside and outside)
- Direct USB control for most iPhone/iPod devices
- Front panel USB input
- Front panel 3.5mm auxiliary input
- Supports MP3/WMA formats
- 3 pairs of RCA-type preamp outputs (F/R/S selectable)
- Wireless remote control
- 240 Watt (60W X 4) MOSFET powered output
- Electronic bass/treble
- 30 station presets (18 FM/12 AM)
- Steering wheel interface input (requires PAC SWI-PS sold separately)

XDMA6370 CD Receiver

Features

- Direct USB control for most iPhone/iPod devices
- Selectable control for iPod/iPhone
- Front panel USB input
- 10-character blue/white LCD
- SD memory card input (supports SDHC)
- Front panel 3.5mm and rear RCA-type auxiliary inputs
- Supports MP3/WMA formats
- 2 pairs of RCA-type preamp outputs (F+R/S selectable)
- Wireless remote control
- 240 Watt (60-W X 4) MOSFET powered output
- Electronic bass/treble
- 30 station presets (18 FM/12 AM)
- Steering wheel interface input (requires PAC SWI-PS sold separately)
- Detachable faceplate

XDM7615 CD Receiver

Features

- 2-step motorized detachable faceplate
- Front panel 3.5mm auxiliary input
- Supports MP3/WMA formats
- 3 pairs of RCA-type preamp outputs (F/R/S)
- Wireless remote control
- 200 Watt (50W X 4) power output
- Electronic bass/treble
- 30 station presets (18 FM/12 AM)
- Steering wheel interface input (requires PAC SWI-PS sold separately)
- 8-character black/white LCD

XDM6350 CD Receiver

Features

- Front panel USB input
- Front panel 3.5mm auxiliary input
- Supports MP3/WMA formats
- 3 pairs of RCA-type preamp outputs (F/R/S)
- Wireless remote control
- 200 Watt (50W X 4) power output
- Electronic bass/treble
- 30 station presets (18 FM/12 AM)
- Steering wheel interface input (requires PAC SWI-PS sold separately)
- 10-character black/white LCD
- Detachable faceplate

XDM6250 CD Receiver

(Subject to change.)

Features

- Front panel USB input
- Front panel 3.5mm auxiliary input
- Supports MP3/WMA formats
- 1 pair of RCA-type preamp outputs
- Wireless remote control
- 200 Watt (50W X 4) power output
- Electronic bass/treble
- 30 station presets (18 FM/12 AM)
- 8-character black/blue LCD
- Detachable faceplate

XD6150 CD Receiver

Features

- Front panel USB charge port (power only)
- Front panel 3.5mm auxiliary input
- 1 pair of RCA-type preamp outputs
- Wireless remote control
- 200 Watt (50W X 4) power output
- Electronic bass/treble
- 30 station presets (18 FM/12 AM)
- Detachable faceplate
- 8-character blue/white LCD

XD5250 CD Receiver

Features

- Front panel USB charge port (power only)
- Front panel 3.5mm auxiliary input
- 1 pair of RCA-type preamp outputs
- Wireless remote control
- 60 Watt (15W X 4) power output
- 30 station presets (18 FM/12 AM)
- Detachable faceplate
- Blue/black LCD

XD1225 CD Receiver

Features

- Front panel USB charge port (power only)
- Front panel 3.5mm auxiliary input
- 1 pair of RCA-type preamp outputs
- 60 Watt (15W X 4) power output
- 30 station presets (18 FM/12 AM)
- Detachable faceplate
- Blue/black LCD

XD1222 CD Receiver

CP1222 CD Receiver with Speakers

Features

- Front panel USB charge port (power only)
- Front panel 3.5mm auxiliary input
- 1 pair of RCA-type preamp outputs
- 60 Watt (15W X 4) power output
- 30 station presets (18 FM/12 AM)
- Detachable faceplate
- Blue/black LCD

XD1222 with 1 pair of 6.5" 2-way speakers

XPE1700 Mono Amplifier

Features

- 240 Watts x 1 RMS @ 4-ohms
- 400 Watts x 1 RMS @ 2-ohms
- 1000 Watts Dynamic Power
- Low-level RCA-type inputs
- Variable low-pass crossover
- Selectable subsonic filter @ 35Hz
- Selectable Bass boost (0,6,12dB)
- PWM MOSFET power supply
- Side mounted controls

XPE4700 4/3/2-Channel Amplifier

Features

- 50 Watts x 4 RMS @ 4-ohms
- 75 Watts x 2 RMS @ 2-ohms
- 150 Watts x 2 RMS @ 2-ohms (bridged)
- 800 Watts Dynamic Power
- Low-level RCA-type inputs
- High-level inputs (speaker wire)
- Selectable crossover (high-pass/low-pass/full range)
- Variable high-pass crossover
- Variable low-pass crossover
- Selectable Bass boost (0,6,12dB)
- PWM MOSFET power supply
- Stereo-bridged simultaneous operation
- Side mounted controls

XPE2700 2/1-Channel Amplifier

Features

- 50 Watts x 2 RMS @ 4-ohms
- 75 Watts x 2 RMS @ 2-ohms
- 150 Watts x 1 RMS @ 2-ohms (bridged)
- 400 Watts Dynamic Power
- Low-level RCA-type inputs
- High-level inputs (speaker wire)
- Selectable crossover (high-pass/low-pass/full range)
- Variable high-pass crossover
- Variable low-pass crossover
- Selectable Bass boost (0,6,12dB)
- PWM MOSFET power supply
- Stereo-bridged simultaneous operation
- Side mounted controls

XPA4640 4/3/2-Channel Amplifier

Features

- 50 Watts x 4 RMS @ 4-ohms
- 75 Watts x 4 RMS @ 2-ohms
- 150 Watts x 2 RMS @ 2-ohms (bridged)
- 600 Watts Dynamic Power
- Low-level RCA-type inputs
- High-level inputs (speaker wire)
- Selectable crossover (high-pass/low-pass/full range)
- Variable high-pass crossover
- Variable low-pass crossover
- Variable Bass boost (0-12dB)
- PWM MOSFET power supply
- Stereo-bridged simultaneous operation
- Side mounted controls

XPA2500 2/1-Channel Amplifier

Features

- 50 Watts x 2 RMS @ 4-ohms
- 75 Watts x 2 RMS @ 2-ohms
- 150 Watts x 1 RMS @ 2-ohms (bridged)
- 300 Watts Dynamic Power
- Low-level RCA-type inputs
- High-level inputs (speaker wire)
- Selectable crossover (high-pass/low-pass/full range)
- Variable high-pass crossover
- Variable low-pass crossover
- Variable Bass boost (0-12dB)
- PWM MOSFET power supply
- Stereo-bridged simultaneous operation
- Side mounted controls

XPA4100 4/3/2-Channel Amplifier

Features

- 50 Watts x 4 RMS @ 4-ohms
- 75 Watts x 4 RMS @ 2-ohms
- 150 Watts x 2 RMS @ 2-ohms (bridged)
- 600 Watts Dynamic Power
- Low-level RCA-type inputs
- High-level inputs (speaker wire)
- Selectable crossover (high-pass/low-pass/full range)
- Variable high-pass crossover
- Variable low-pass crossover
- Variable Bass boost (0-12dB)
- PWM MOSFET power supply
- Stereo-bridged simultaneous operation
- Side mounted controls

XPA2100 2/1-Channel Amplifier

Features

- 50 Watts x 2 RMS @ 4-ohms
- 75 Watts x 2 RMS @ 2-ohms
- 150 Watts x 1 RMS @ 2-ohms (bridged)
- 300 Watts Dynamic Power
- Low-level RCA-type inputs
- High-level inputs (speaker wire)
- Selectable crossover (high-pass/low-pass/full range)
- Variable high-pass crossover
- Variable low-pass crossover
- Variable Bass boost (0-12dB)
- PWM MOSFET power supply
- Stereo-bridged simultaneous operation
- Side mounted controls

DLS694 6" x 9" 4-Way Speakers**Features**

- 200 Watts peak power
- 50 Watts RMS
- Injection-molded polypropylene cone
- Butyl rubber surround
- 58mm Mylar® dome midrange
- Dual 18mm Piezo tweeters
- Rigid stamped steel basket
- ABS grille with metal mesh insert
- 3.19" Mounting depth

**DLS654** 6.5" 4-Way Speakers**Features**

- 160 Watts peak power
- 40 Watts RMS
- Injection-molded polypropylene cone
- Butyl rubber surround
- 35mm Mylar® dome midrange
- Dual 15mm Piezo tweeters
- Rigid stamped steel basket
- ABS grille with metal mesh insert
- 2.17" Mounting depth

**DLS574** 5" x 7" / 6" x 8" Multi-Fit 4-Way Speakers**Features**

- 160 Watts peak power
- 40 Watts RMS
- Injection-molded polypropylene cone
- Butyl rubber surround
- 35mm Mylar® dome midrange
- Dual 15mm Piezo tweeters
- Rigid stamped steel basket
- 2.29" Mounting depth

**DLS524** 5.25" 4-Way Speakers**Features**

- 120 Watts peak power
- 30 Watts RMS
- Injection-molded polypropylene cone
- Butyl rubber surround
- 30mm Mylar® dome midrange
- Dual 12mm Piezo tweeters
- Rigid stamped steel basket
- ABS grille with metal mesh insert
- 1.97" Mounting depth

**DLS404** 4" 4-Way Speakers**Features**

- 100 Watts peak power
- 25 Watts RMS
- Injection-molded polypropylene cone
- Butyl rubber surround
- 30mm Mylar® dome midrange
- Dual 12mm Piezo tweeters
- Rigid stamped steel basket
- ABS grille with metal mesh insert
- 1.85" Mounting depth

**DL692** 6" x 9" 2-Way Speakers**Features**

- 120 Watts peak power
- 20 Watts RMS
- Polypropylene cone
- Butyl rubber surround
- 58mm Mylar® dome tweeter
- Rigid stamped steel basket
- ABS grille with metal mesh insert
- 2.44" Mounting depth

**DL652** 6.5" 2-Way Speakers**Features**

- 100 Watts peak power
- 15 Watts RMS
- Polypropylene cone
- Butyl rubber surround
- 35mm Mylar® dome tweeter
- Rigid stamped steel basket
- ABS grille with metal mesh insert
- 1.66" Mounting depth

DS693 6" x 9" 3-Way Speakers**Features**

- 150 Watts peak power
- 75 Watts RMS
- Black chrome polypropylene cone
- Treated foam surround
- 25mm Mylar® dome tweeter
- Dual Piezo tweeters

- Stamped steel basket
- 1-piece ABS grille
- 2.68" Mounting depth

DS653 6.5" 3-Way Speakers**Features**

- 120 Watts peak power
- 60 Watts RMS
- Black chrome polypropylene cone
- Treated foam surround
- 25mm Mylar® dome tweeter
- Dual Piezo tweeters

- Stamped steel basket
- 1-piece ABS grille
- 2.10" Mounting depth

DS573 5" x 7" / 6" x 8" Multi-Fit 3-Way Speakers**Features**

- 120 Watts peak power
- 60 Watts RMS
- Black chrome polypropylene cone
- Treated foam surround
- 25mm Mylar® dome tweeter
- Dual Piezo tweeters

- Stamped steel basket
- 1-piece ABS grille
- 2.10" Mounting depth

DS692 6" x 9" 2-Way Speakers**Features**

- 120 Watts peak power
- 60 Watts RMS
- Treated paper cone
- Treated foam surround
- 25mm Mylar® dome tweeter
- Stamped steel basket

- 1-piece ABS grille
- 3.00" Mounting depth

DS652 6.5" 2-Way Speakers**Features**

- 100 Watts peak power
- 50 Watts RMS
- Treated paper cone
- Treated foam surround
- 25mm Mylar® dome tweeter
- Stamped steel basket

- 1-piece ABS grille
- 2.00" Mounting depth

TS10 1" Tweeter**Features**

- 100 Watts peak power
- 25 Watts RMS
- 1" Soft dome tweeter
- Ferrofluid cooled design
- 12dB/octave inline crossover
- Blue illumiNITE™ LED illumination

- 3 Mounting options (surface, flush and 30 degree)
- Easy add-on to existing systems

BP1204 Bandpass Enclosure

Features

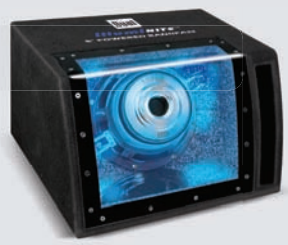

- 1100 Watts peak power
- 600 Watts RMS
- Dual 12" low-q optimized drivers with 45 oz. magnets
- Brushed aluminum injection-molded cones
- Treated foam surrounds
- 4 ohm nominal impedance
- Dual acrylic viewing windows
- Blue illuminiNITE™ LED illumination
- Mirrored 3-chamber design
- Carpeted enclosure with embroidered logo
- Dimensions (30" x 14.4" x 14.4")

SBP8A Amplified Bandpass Enclosure

Features

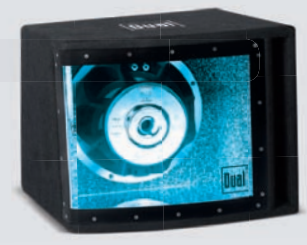

- 160 Watts peak power
- 80 Watts RMS
- 8" high-performance driver with 30 oz. magnet
- Rigid polypropylene cone with rubber surround
- Dual 2 ohm voice coils (DVC)
- ATCS – Advanced Temperature Control System
- 4th order bandpass enclosure design
- Blue illuminiNITE™ LED illumination
- Electronic crossover (70-200Hz)
- Phase control (0-180°)
- Low-level RCA-type inputs
- High-level speaker wire inputs
- Compact size (15.4" x 9.2" x 15.4")

SBP10 Bandpass Enclosure

Features

- 750 Watts peak power
- 375 Watts RMS
- 10" high performance driver with 50 oz. magnet
- Cast aluminum basket with chromed backplate
- Injection-molded cone with rubber surround
- 4 ohm nominal impedance
- Acrylic viewing windows
- Blue illuminiNITE™ LED illumination
- Mirrored 2-chamber design
- Carpeted enclosure with embroidered logo
- Dimensions (16" x 13.5" x 16.8")

SD12 12" Subwoofer

Features

- 500 Watts peak power
- 175 Watts RMS
- Works with sealed or vented enclosures
- 12" low-q optimized driver with 38 oz. magnet
- Brushed nickel injection-molded cone
- Heavy-gauge stamped steel basket
- Treated foam surround
- Vented 2" voice coil
- 4 ohm nominal impedance
- Frequency response (28-125 Hz)

BTM60 Bluetooth® Module

Features

- Supports HFP, A2DP and AVRCP profiles for hands-free calling, audio streaming and player control.
- Communicates with most Bluetooth enabled phones
- Integrated noise and echo cancelling microphone
- Last number redial
- Auto answer
- Auto connect
- Easy 1-wire installation
- Compatible with all Dual Bluetooth Ready head units

HDM90 HD Radio Tuner™ Module

Features

- Supports HD2/HD3 multicast channels and offers iTunes tagging capability
- Displays station name, artist and song title on HD Radio channels
- Easy 1-Wire Installation
- Static-free, CD quality FM reception
- Compatible with all Dual HD Radio Ready head units

IP35 Audio Interface Adapter

Features

- Includes 3.5mm to 3.5mm cable
- Universal connection for all portable digital media players
- Multiple mounting options for easy front-of-dash access

(MWR30 Included)

MXDMA8030 CD Receiver with Wired Remote Control

Features

- MWR30 wired remote control included
- 7- channel NOAA weatherband tuner
- Rear RCA-type auxiliary input with iplug™
- Supports MP3/WMA formats
- 3 pairs of RCA-type preamp outputs (F/R/S)
- 200 Watt (50 W X 4) power output
- Electronic bass/treble
- 30 station presets (18 FM/12 AM)
- 8-character positive white/black LCD
- Electronic motorized detachable faceplate

MXDM66 CD Receiver

Features

- Front panel USB input
- Front panel 3.5 mm auxiliary input
- Supports MP3/WMA formats
- 3 pairs of RCA-type preamp outputs (F/R/S)
- Wireless remote control
- 200 Watt (50 W X 4) power output
- Electronic bass/treble
- 30 station presets (18 FM/12 AM)
- 10-character positive white/black LCD
- Detachable faceplate

MXD662B CD Receiver

Features

- Front panel USB input
- Front panel 3.5 mm auxiliary input
- Supports MP3/WMA formats
- 3 pairs of RCA-type preamp outputs (F/R/S)
- Wireless remote control
- 200 Watt (50 W X 4) power output
- Electronic bass/treble
- 30 station presets (18 FM/12 AM)
- 10-character black/white LCD
- Detachable faceplate

MXCP7030 CD Receiver with Speakers and Wired Remote Control

Features

- MWR30 wired remote control included
- 7-channel NOAA weatherband tuner
- Rear RCA-type auxiliary input with iplug™
- Supports MP3/WMA formats
- 1 pair of RCA-type preamp outputs
- 200 Watt (50 W X 4) power output
- Electronic bass/treble
- 30 station presets (18 FM/12 AM)
- 8-character positive white/black LCD
- Electronic motorized detachable faceplate
- 1 pair of 6.5" injected molded polypropylene speakers

(MWR30 Included)

MXCP664S1 CD Receiver with 4 Speakers, Splashguard and Antenna

Features

- Front panel USB input
- Front panel 3.5 mm auxiliary input
- Supports MP3/WMA formats
- 3 pairs of RCA-type preamp outputs (F/R/S)
- Wireless remote control
- 200 Watt (50 W X 4) power output
- Electronic bass/treble
- 30 station presets (18 FM/12 AM)
- 10-character positive white/black LCD
- Detachable faceplate
- 2 pairs of 6.5" injected molded polypropylene speakers
- Soft wire antenna (40")
- Weather-resistant splashguard

MXCP66 CD Receiver with Speakers

Features

- Front panel USB input
- Front panel 3.5 mm auxiliary input
- Supports MP3/WMA formats
- 3 pairs of RCA-type preamp outputs (F/R/S)
- Wireless remote control
- 200 Watt (50 W X 4) power output
- Electronic bass/treble
- 30 station presets (18 FM/12 AM)
- 10-character positive white/black LCD
- Detachable faceplate
- 1 pair of 6.5" injected molded polypropylene speakers

CP662B CD Receiver with Speakers

Features

- Front panel USB input
- Front panel 3.5 mm auxiliary input
- Supports MP3/WMA formats
- 3 pairs of RCA-type preamp outputs (F/R/S)
- Wireless remote control
- 200 Watt (50 W X 4) power output
- Electronic bass/treble
- 30 station presets (18 FM/12 AM)
- 10-character black/white LCD
- Detachable faceplate
- 1 pair of 6.5" injected molded polypropylene speakers

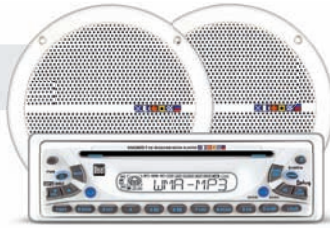

MXCP51 CD Receiver with Speakers

Features

- Rear RCA-type auxiliary input with iplug™
- Supports MP3/WMA formats
- 1 pair of RCA-type preamp outputs
- 200 Watt (50 W X 4) power output
- Electronic bass/treble
- 30 station presets (18 FM/12 AM)

- 8-character positive white/black LCD
- Detachable faceplate
- 1 pair of 6.5" injected molded polypropylene speakers

MXCP42 Mechless Receiver with Speakers

Features

- Front panel USB input
- Front panel 3.5 mm auxiliary input
- Front panel SD memory card input (supports SDHC)
- Supports MP3/WMA formats
- 1 pair of RCA-type preamp outputs

- 60 Watt (15 W x 4) power output
- Electronic bass/treble
- 30 station presets (18 FM/12 AM)
- 1 pair of 6.5" injected molded polypropylene speakers

MXCP25S1 CD Receiver with Speakers and Splashguard

Features

- Front panel USB charge port (power only)
- Front panel 3.5 mm auxiliary input
- 1 pair of RCA-type preamp outputs
- 60 Watt (15 W X 4) powered output
- 30 station presets (18 FM/12 AM)
- Detachable faceplate

- Positive blue/black LCD
- 1 pair of 6.5" injected molded polypropylene speakers
- Weather-resistant splashguard

MXCP22 Cassette Receiver with Speakers

Features

- Front panel 3.5 mm auxiliary input
- 1 pair of RCA-type preamp outputs
- 30 Watt (15 W X 2) power output
- Bass boost
- Tone and balance controls

- Stereo/mono indicator
- 2-shaft or 1.0 DIN compatible
- 1 pair of 6.5" injected molded polypropylene speakers

DMS692 6" x 9" 2-Way Speakers

Features

- 200 Watts peak power
- 80 Watts RMS
- Magnetically shielded woofer
- Injected-molded polypropylene cone
- Weather-resistant rubber surround
- 25mm Silk dome tweeter
- Injection-molded ABS basket
- UV-resistant weatherproof grille
- Stainless steel mounting hardware

DMS652 6.5" 2-Way Speakers

Features

- 175 Watts peak power
- 65 Watts RMS
- Magnetically shielded woofer
- Injected-molded polypropylene cone
- Weather-resistant rubber surround
- 19mm Silk dome tweeter
- Injection-molded ABS basket
- UV-resistant weatherproof grille
- Stainless steel mounting hardware

marine speakers

DMS651 6.5" Dual Cone Speakers

Features

- 150 Watts peak power
- 60 Watts RMS
- Magnetically shielded woofer
- Injected-molded polypropylene cone
- Weather-resistant rubber surround
- Injection-molded ABS basket
- UV-resistant weatherproof grille
- Stainless steel mounting hardware

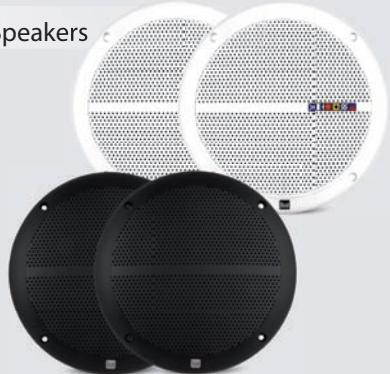

DMP660/B 6.5" Dual Cone Speakers

Features

- 60 Watts peak power
- 20 Watts RMS
- Injected-molded polypropylene cone
- Weather-resistant poly-coated cloth surround
- Injection-molded ABS basket
- UV-resistant weatherproof grille
- Stainless steel mounting hardware
- Available in white or black

DMP660B

MH100 Gimbal Housing

Features

- Constructed of UV resistant plastic
- Flip-down smoke tinted cover for easy access to your radio
- Fully enclosed to protect against splashes, sprays and harsh sunlight
- Simple and clean installation

SG1/SG2 Universal Splashguard

Features

- Constructed of UV resistant plastic
- Dampened flip-up cover for easy access to your radio
- Protects against splashes and sprays
- Available in white or black

SG2

MAR16W/B Universal Antenna

Features

- 180° swivel base for increased mounting options
- 54" corrosion resistant cable
- Durable and flexible mast
- Available in white or black

MAW40 Soft Wire Antenna

Features

- 40" corrosion resistant cable
- Simple installation – no mounting required

IP35WG Audio Interface Adapter

Features

- Includes marine iplug™ and 3.5mm to 3.5mm cable
- Universal connection for all portable digital media players
- Multiple mounting options for easy front-of-dash access
- Corrosion-resistant gold plated connections

LUR66E 6.5" 2-Way Speakers

Features

- 150 Watts peak power
- 60 Watts RMS
- 6.5" Polypropylene cone with rubber surround
- 3/4" Teton® dome tweeter
- 8 ohm nominal impedance
- Weather-resistant composite enclosure
- Natural earth tone finish
- Dimensions (9.6" x 8.8" x 8.8")
- Sold individually

LU43PW/B 4" 3-Way Speakers

Features

- 100 Watts peak power
- 50 Watts RMS
- 4" Polyelite cone with PVA surround
- 40mm Polypropylene cone midrange
- 20mm Piezo dome tweeter
- 4 ohm nominal impedance
- Painted steel grilles
- UV-treated ABS enclosure
- Multi-angled mounting brackets
- Versatile rotating logo
- Available in white or black

DC365W 6.5" 2-Way In-Wall Speakers

Features

- 180 Watts peak power
- 120 Watts RMS
- 6.5" carbon fiber cone with Santoprene® surround
- 1" Titanium dome rotating tweeter
- 8 ohm nominal impedance
- Full ABS speaker enclosure
- 12dB/12dB/octave crossover
- Adjustable tweeter output level
- Gold plated speaker binding posts
- Paintable speaker grilles and frames

DC265C 6.5" 2-Way In-Ceiling Speakers

Features

- 150 Watts peak power
- 100 Watts RMS
- 6.5" Polypropylene cone with rubber surround
- 1" Titanium dome rotating tweeter
- 8 ohm nominal impedance
- 6dB/12dB/octave crossover
- Adjustable tweeter output level
- Plated speaker binding posts
- Paintable speaker grilles and frames
