

T-SPEC 
COMPETITION RATED CAR AUDIO

T-SPEC CAR AUDIO

The T-Spec goal is to bring innovation and value to every product in this revolutionary line of car audio accessories. T-Spec products feature high levels of engineering with the installer in mind while using only the finest materials available. This combination provides maximum performance in all price ranges. The T-Spec product offering features 4 levels of value and performance:

RCA AUDIO CABLES

The T-Spec goal is to bring innovation and value to every product and this series of RCA cables is no exception. T-Spec RCA cables feature high levels of noise rejection resulting from meticulous build quality using only the finest materials available. This combination provides maximum performance in all price ranges. And all T-Spec RCA cables feature a proprietary ultra-flexible PVC jacket that's so durable it's BC-5W2 marine compliant.

VIDEO CABLES

Many people make the rookie mistake of using an audio cable for video, but the fact is the application requires a totally different product. T-Spec has you covered with a complete line of video cables designed for optimum performance. Each T-Spec video cable features increased insulation to isolate sensitive video gear from outside interference. These video-specific 75-ohm cables also use an ultra-compact molded ABS end and feature the same proprietary PVC blended jacket used on our popular RCA audio cables.

SPOOLED BULK WIRE

The performance of your car audio system is only as good as its weakest link. Many wire companies today will have you believe that a cheap cable will save you money and get the job done, but the truth is that below-specification cables will rob current from your amplifier reducing power output by as much as 50%!!! T-Spec has once again chosen to take the high road with a full line of ABOVE SPEC cables that exceed CEA and ANSI specifications for gauge size. V12 above-spec wire is an industry-first providing greater current capability for your stereo's sensitive electronics.

POWER WIRE

COMPACT BATTERY TERMINALS

Today's cars are smaller and smaller and the space under the hood is also at a premium. There's no longer unlimited room for large battery terminals and complex wiring. T-Spec recognizes this and has responded with a full line of compact brass battery terminals designed to fit where others simply will not. These terminals are constructed from solid brass for maximum conductivity and feature an industry-first flat black finish. These universal terminals are also compatible with positive and negative battery posts providing increased application. Included covers further insulate the terminals for a safe and clean looking connection.

COMPACT FUSE HOLDERS

Fusing an aftermarket car stereo system provides protection for your car and your car stereo. No fuse system provides better protection than T-Spec. The T-Spec compact brass designs are constructed from solid brass and are smaller than anything else in the industry. This combination of top quality materials and thoughtful design provides an incredibly reliable and simple to install product that will last for years.

COMPACT DISTRIBUTION

Your high-end amplifiers deserve every ounce of power that your car's electrical system can deliver. That's why multi-amp systems require high quality power and ground distribution systems. T-Spec's all brass construction provides maximum current flow to your sensitive amplifiers. The compact brass design is a fraction of the size of traditional distribution blocks ensuring hassle free installation. The universal screw design makes replacing fuses possible with nearly any tool. And with an industry-first flat black finish, these distribution blocks look as good as they perform!

POWER CAPACITORS

The strength of a vehicle's electrical system is often overlooked when upgrading your car's stereo system with power amplifiers and additional speakers. The truth is, these additions can provide additional stress on your alternator or battery resulting in diminished performance from the audio system. The simple addition of a T-Spec capacitor will improve electrical system performance by providing a buffer between the alternator and amplifier. Stored energy from your car's electrical system is held in the cap and quickly released to the amplifier when needed. T-Spec capacitors offer the lowest ESR in the business allowing the cap to charge and release its energy quicker.

AMP KITS

In a "one size fits all" world it's rare to see a company provide a wide range of options. The team at T-Spec understands how difficult it can be to find just the right product for your application. That's why the T-Spec amp kit line features 28 different models to cover nearly every price, power and performance level imaginable! T-Spec amp kits utilize the finest materials to ensure maximum performance and hassle-free installation.

POWERSPORTS & MARINE AMP KITS

More and more systems are being installed into boats and powersports vehicles like ATV's. These T-Spec kits are designed specifically for that purpose. Each kit provides full CEA spec BC-5W2 Marine compliant cable and circuit breaker protection to eliminate short circuits and will offer easy re-set to get going again. No need to carry miscellaneous fuses in case of a problem.

V12 AMP KITS

- > Exceeds CEA and ANSI specification for wire gauge

- > Nickel Plated 8 AWG seamed crimp ring terminal with 8.5mm hole and black boot connected at ground
- > 8 AWG spade terminals with silver and black boots for amp connection
- > Miscellaneous connectors, terminals and wire ties

V12-RAK8

V10 AMP KITS

- > Meets CEA and ANSI specification for wire gauge
- > Full virgin copper construction
- > High strand count for maximum flexibility
- > BC-5W2 marine compliant RCA, speaker, power and ground wire
- > Compact brass fusing and distribution

V10 1/0 AWG AMP KIT 5200 W WITH RCA CABLE

- > 17' V10 1/0 AWG OFC matte pearl multi-strand power wire
- > 3' V10 1/0 AWG OFC matte grey multi-strand ground wire
- > 17' 18 AWG OFC blue remote turn-on wire
- > 17' V10 noise rejecting dual-twist RCA cable with precision machined ends and quad-split tip
- > Proprietary V12 compact brass ANL fuse holder with 250A fuse
- > Nickel Plated 1/0 AWG seamed crimp ring terminal with 8.5mm hole and white boot connected at battery end
- > Nickel Plated 1/0 AWG seamed crimp ring terminal with 8.5mm hole and grey boot connected at ground
- > 1/0 AWG spade terminals with white and grey boots for amp connection
- > Miscellaneous connectors, terminals and wire ties

V10-RAK1-0

V10 4 AWG AMP KIT 2100 W WITH RCA CABLE

- > 17' V10 4 AWG OFC matte pearl multi-strand power wire
- > 3' V10 4 AWG OFC matte grey multi-strand ground wire
- > 17' 18 AWG OFC blue remote turn-on wire
- > 17' V10 noise rejecting dual-twist RCA cable with precision machined ends and quad-split tip
- > Proprietary V12 compact brass MINI ANL fuse holder with 125A fuse
- > Nickel Plated 4 AWG seamed crimp ring terminal with 8.5mm hole and white boot connected at battery end
- > Nickel Plated 4 AWG seamed crimp ring terminal with 8.5mm hole and grey boot connected at ground
- > 4 AWG spade terminals with white and grey boots for amp connection
- > Miscellaneous connectors, terminals and wire ties

V10-RAK4

V10 8 AWG AMP KIT 800 W WITH RCA CABLE

- > 17' V10 8 AWG OFC matte pearl multi-strand power wire
- > 3' V10 8 AWG OFC matte grey multi-strand ground wire
- > 17' 18 AWG OFC blue remote turn-on wire
- > 17' V10 noise rejecting dual-twist RCA cable with precision machined ends and quad-split tip
- > Proprietary V12 compact brass MINI ANL fuse holder with 50A fuse
- > Nickel Plated 8 AWG seamed crimp ring terminal with 8.5mm hole and white boot connected at battery end
- > Nickel Plated 8 AWG seamed crimp ring terminal with 8.5mm hole and grey boot connected at ground
- > 8 AWG spade terminals with white and grey boots for amp connection
- > Miscellaneous connectors, terminals and wire ties

V10-RAK8

V8 AMP KITS

- > Full virgin copper construction
- > High strand count for maximum flexibility
- > BC-5W2 marine compliant RCA, speaker, power and ground wire
- > Real brass fusing and distribution

V8 1/0 AWG AMP KIT 3800 W WITH RCA CABLE

- > 17' V8 1/0 AWG OFC matte solid silver multi-strand power wire
- > 3' V8 1/0 AWG OFC matte solid black multi-strand ground wire
- > 17' 18AWG OFC blue remote turn-on wire
- > 17' V8 noise rejecting twisted rca cable with precision molded ends and split tip
- > Proprietary V8 ANL fuse holder with 200A fuse
- > Nickel Plated 1/0 AWG seamed crimp ring terminal with 8.5mm hole and silver boot connected at battery end
- > Nickel Plated 1/0 AWG seamed crimp ring terminal with 8.5mm hole and black boot connected at ground
- > 1/0 AWG spade terminals with silver and black boots for amp connection
- > Miscellaneous connectors, terminals and wire ties

V8-RAK1-0

V8 4 AWG AMP KIT 1500 W WITH RCA CABLE

- > 17' V8 4 AWG OFC matte solid silver multi-strand power wire
- > 3' V8 4 AWG OFC matte solid black multi-strand ground wire
- > 17' 18 AWG OFC blue remote turn-on wire
- > 17' V8 noise rejecting twisted rca cable with precision molded ends and split tip
- > Proprietary V8 MINI ANL fuse holder with 100A fuse
- > Nickel Plated 4 AWG seamed crimp ring terminal with 8.5mm hole and silver boot connected at battery end
- > Nickel Plated 4 AWG seamed crimp ring terminal with 8.5mm hole and black boot connected at ground
- > 4 AWG spade terminals with silver and black boots for amp connection
- > Miscellaneous connectors, terminals and wire ties

V8-RAK4

V8 8 AWG AMP KIT 600 W WITH RCA CABLE

- > 17' V8 8 AWG OFC matte solid silver multi-strand power wire
- > 3' V8 8 AWG OFC matte solid black multi-strand ground wire
- > 17' 18 AWG OFC blue remote turn-on wire
- > 17' V8 noise rejecting twisted rca cable with precision molded ends and split tip
- > Proprietary V8 MINI ANL fuse holder with 40A fuse
- > Nickel Plated 8 AWG seamed crimp ring terminal with 8.5mm hole and silver boot connected at battery end
- > Nickel Plated 8 AWG seamed crimp ring terminal with 8.5mm hole and black boot connected at ground
- > 8 AWG spade terminals with silver and black boots for amp connection
- > Miscellaneous connectors, terminals and wire ties

V8-RAK8

V6 AMP KITS

- > High strand count for maximum flexibility
- > BC-5W2 marine compliant RCA, speaker, power and ground wire
- > Real brass fusing and distribution
- > Packaged in resealable retail polybags

1/0 AWG AMP KIT 2400 W WITH RCA CABLE

- > 17' V6 1/0 GAUGE CCA multi-strand power wire
- > 3' V6 1/0 GAUGE CCA multi-strand ground wire
- > 17' 18 GAUGE CCA blue remote turn-on wire
- > 17' V6 noise rejecting woven coaxial RCA cable with precision molded ends and split tip
- > Proprietary V8 ANL fuse holder with 150A fuse
- > Nickel Plated 1/0 AWG seamed crimp ring terminal with 8.5mm hole and red boot connected at battery end
- > Nickel Plated 1/0 AWG seamed crimp ring terminal with 8.5mm hole and black boot connected at ground
- > 1/0 AWG spade terminals with red and black boots for amp connection
- > Miscellaneous connectors, terminals and wire ties

V6-RAK1-0

4 AWG AMP KIT 1000 W WITH RCA CABLE

- > 17' V6 4 GAUGE CCA multi-strand power wire
- > 3' V6 4 GAUGE CCA multi-strand ground wire
- > 17' 18 GAUGE CCA blue remote turn-on wire
- > 17' V6 noise rejecting woven coaxial RCA cable with precision molded ends and split tip
- > Proprietary V6 MINI ANL fuse holder with 60A fuse
- > Nickel Plated 4 AWG seamed crimp ring terminal with 8.5mm hole and red boot connected at battery end
- > Nickel Plated 4 AWG seamed crimp ring terminal with 8.5mm hole and black boot connected at ground
- > 4 AWG spade terminals with red and black boots for amp connection
- > Miscellaneous connectors, terminals and wire ties

V6-RAK4

8 AWG AMP KIT 400 W WITH RCA CABLE

- > 17' V6 8 GAUGE CCA multi-strand power wire
- > 3' V6 8 GAUGE CCA multi-strand ground wire
- > 17' 18 GAUGE CCA blue remote turn-on wire
- > 17' V6 noise rejecting woven coaxial RCA cable with precision molded ends and split tip
- > Proprietary V6 MINI ANL fuse holder with 30A fuse
- > Nickel Plated 8 AWG seamed crimp ring terminal with 8.5mm hole and red boot connected at battery end
- > Nickel Plated 8 AWG seamed crimp ring terminal with 8.5mm hole and black boot connected at ground
- > 8 AWG spade terminals with red and black boots for amp connection
- > Miscellaneous connectors, terminals and wire ties

V6-RAK8

V10 AMP KITS

- > Designed specifically for amplifier installation in boats and powersports vehicles
- > Each kit provides full CEA spec BC-5W2 Marine compliant cable
- > Each kit provides circuit breaker protection to eliminate short circuits
- > Offers easy reset to get going again
- > No need to carry miscellaneous fuses in case of a problem

1/0 AWG AMP KITS

- > 1/0 AWG pearl white OFC copper wire
- > 1/0 AWG matte grey OFC copper wire
- > 20' 18 AWG blue wire
- > (1) 200 amp circuit breaker
- > (1) 1/0 AWG ring terminal with white boot
- > (1) 1/0 AWG ring terminal with silver boot
- > (10) 6" Wire ties
- > Assorted accessories

20 FT	6.10 M	COPPER WIRE	V10-S2001
10 FT	3.05 M	COPPER WIRE	V10-S1001

4 AWG AMP KITS

- > 4 AWG pearl white OFC copper wire
- > 4 AWG matte grey OFC copper wire
- > 20' 18 AWG blue wire
- > (1) 100 amp circuit breaker
- > (1) 1/0 AWG ring terminal with white boot
- > (1) 1/0 AWG ring terminal with silver boot
- > (10) 6" Wire ties
- > Assorted accessories

20 FT	6.10 M	COPPER WIRE	V10-2041
10 FT	3.05 M	COPPER WIRE	V10-1041

V10 ADD-A-AMP KITS

- > Designed specifically for amplifier installation in boats and power sports vehicles
- > Each kit provides full CEA spec BC-5W2 Marine compliant cable
- > Use to add more than one amplifier to any system

4GA ADD-A-AMP KIT FOR 1/0 POWER KITS

- > (1) 10' 4ga pearl white OFC wire
- > (1) 10' 4ga matte grey OFC wire
- > (2) Compact brass distribution blocks
- > (1) Hardware pack
- > 20' blue turn on wire
- > Use with V10-S2001 and V10-S1001

10 FT 3.05 M COPPER WIRE V10-D104K

8GA ADD-A-AMP KIT FOR 4AWG POWER KITS

- > (1) 10' 8ga pearl white OFC wire
- > (1) 10' 8ga matte pearl OFC wire
- > (2) Compact brass distribution blocks
- > (1) Hardware pack
- > 20' blue turn on wire
- > Use with V10-S2041 and V10-S1041

10 FT 3.05 M COPPER WIRE V10-D108K
